12.47%

● Key Insight

Sales have shown a consistent upward trajectory over the 4-year period, culminating in **2022** recording the highest sales figures to date.

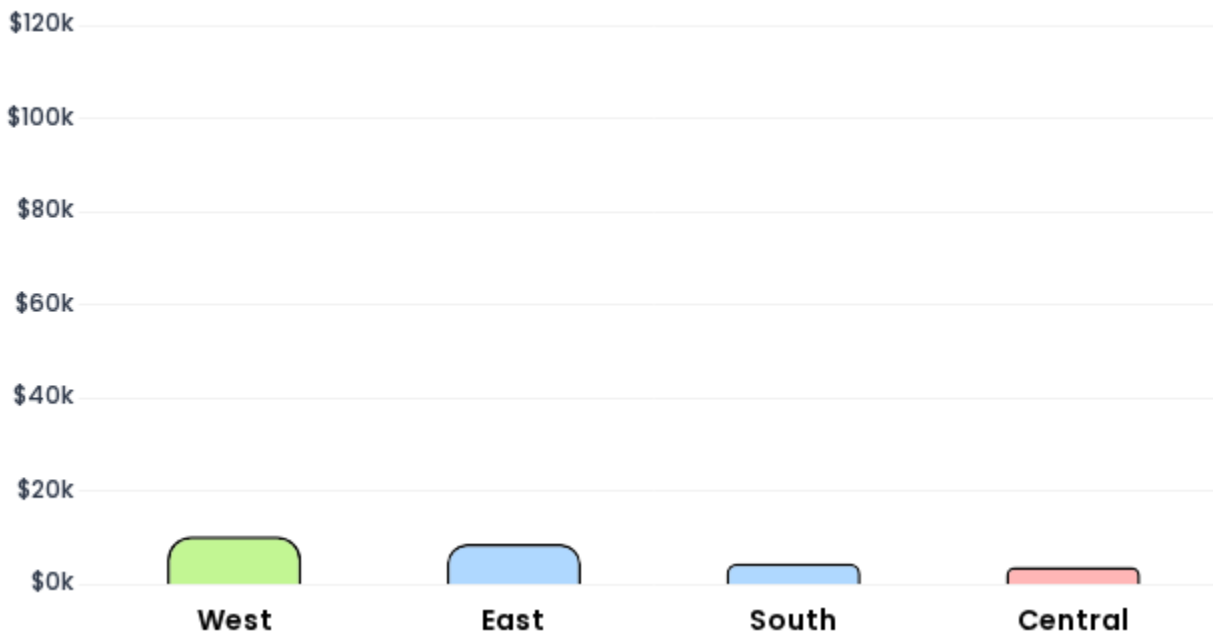

Category Results

- **Technology** generated the highest sales among all categories.
- **Furniture** ranked second, while Office Supplies produced slightly lower sales.
- Technology products are the most important revenue drivers for the business.

Region Profit Results

Total Profit by Region

1 West Region Success

Do more of what works in the West

2 Central Region Issues

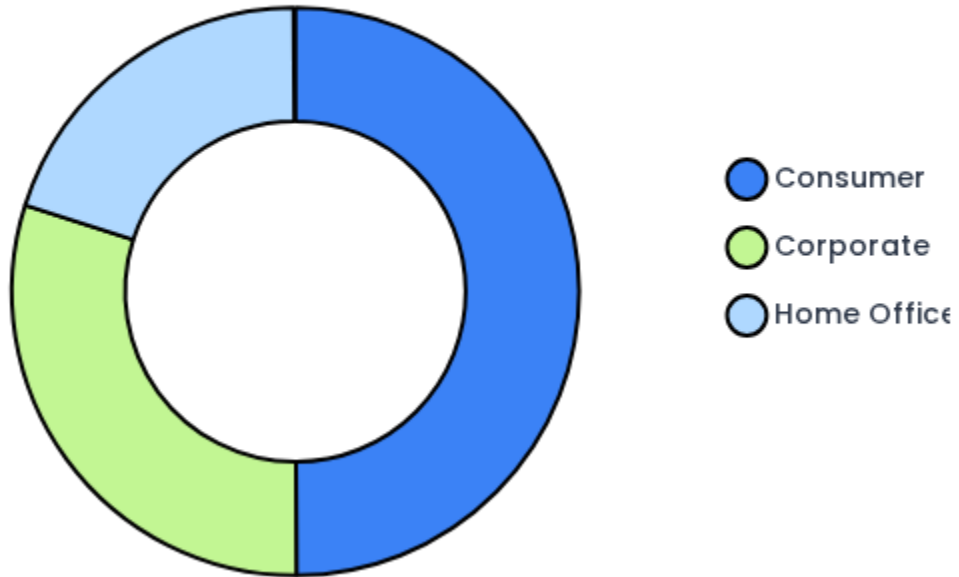

Check why Central is low (discounts, shipping costs, product mix)

Customer Segments

Consumer customers bring the most profit. Corporate and Home Office bring less.

Profit Contribution by Segment

What this means:

- Keep Consumer customers happy (offers, good service)
- Create better deals for Corporate and Home Office to raise profit

Product Results

Review in Product Details:

Sales

Profit

Quantity Sold

Protect Top Products

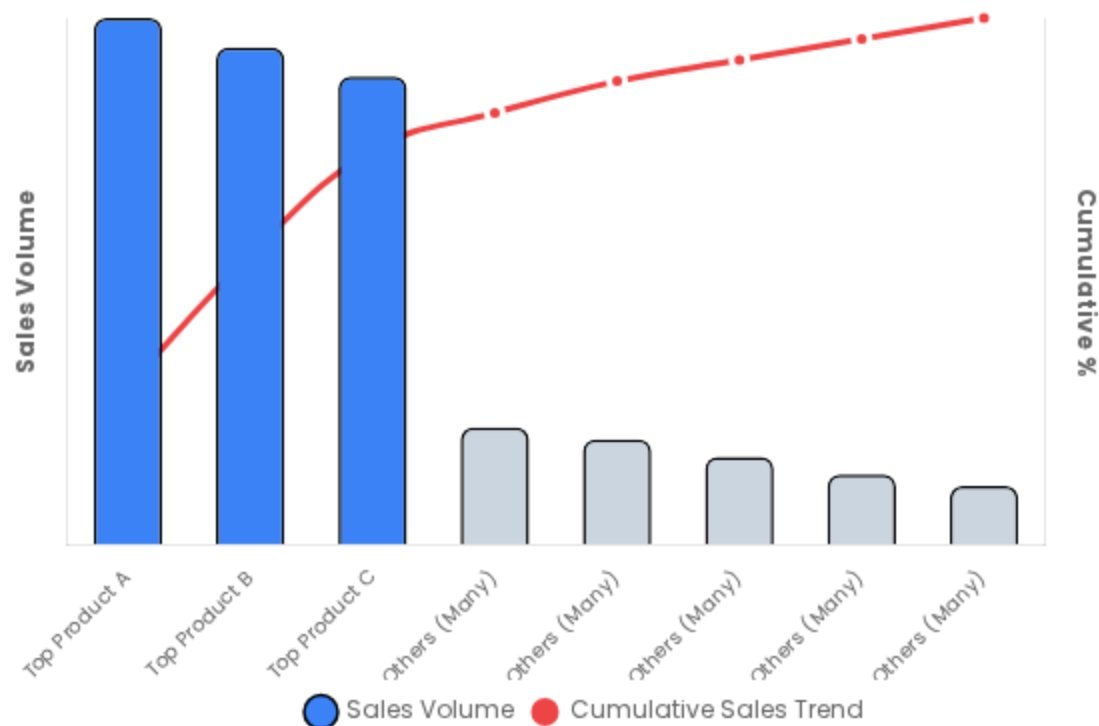

Ensure stock availability and consider promotions.

Review Low-Profit Products

Analyze pricing strategy and discount structures.

Sales Contribution by Product

Key Points & Conclusion

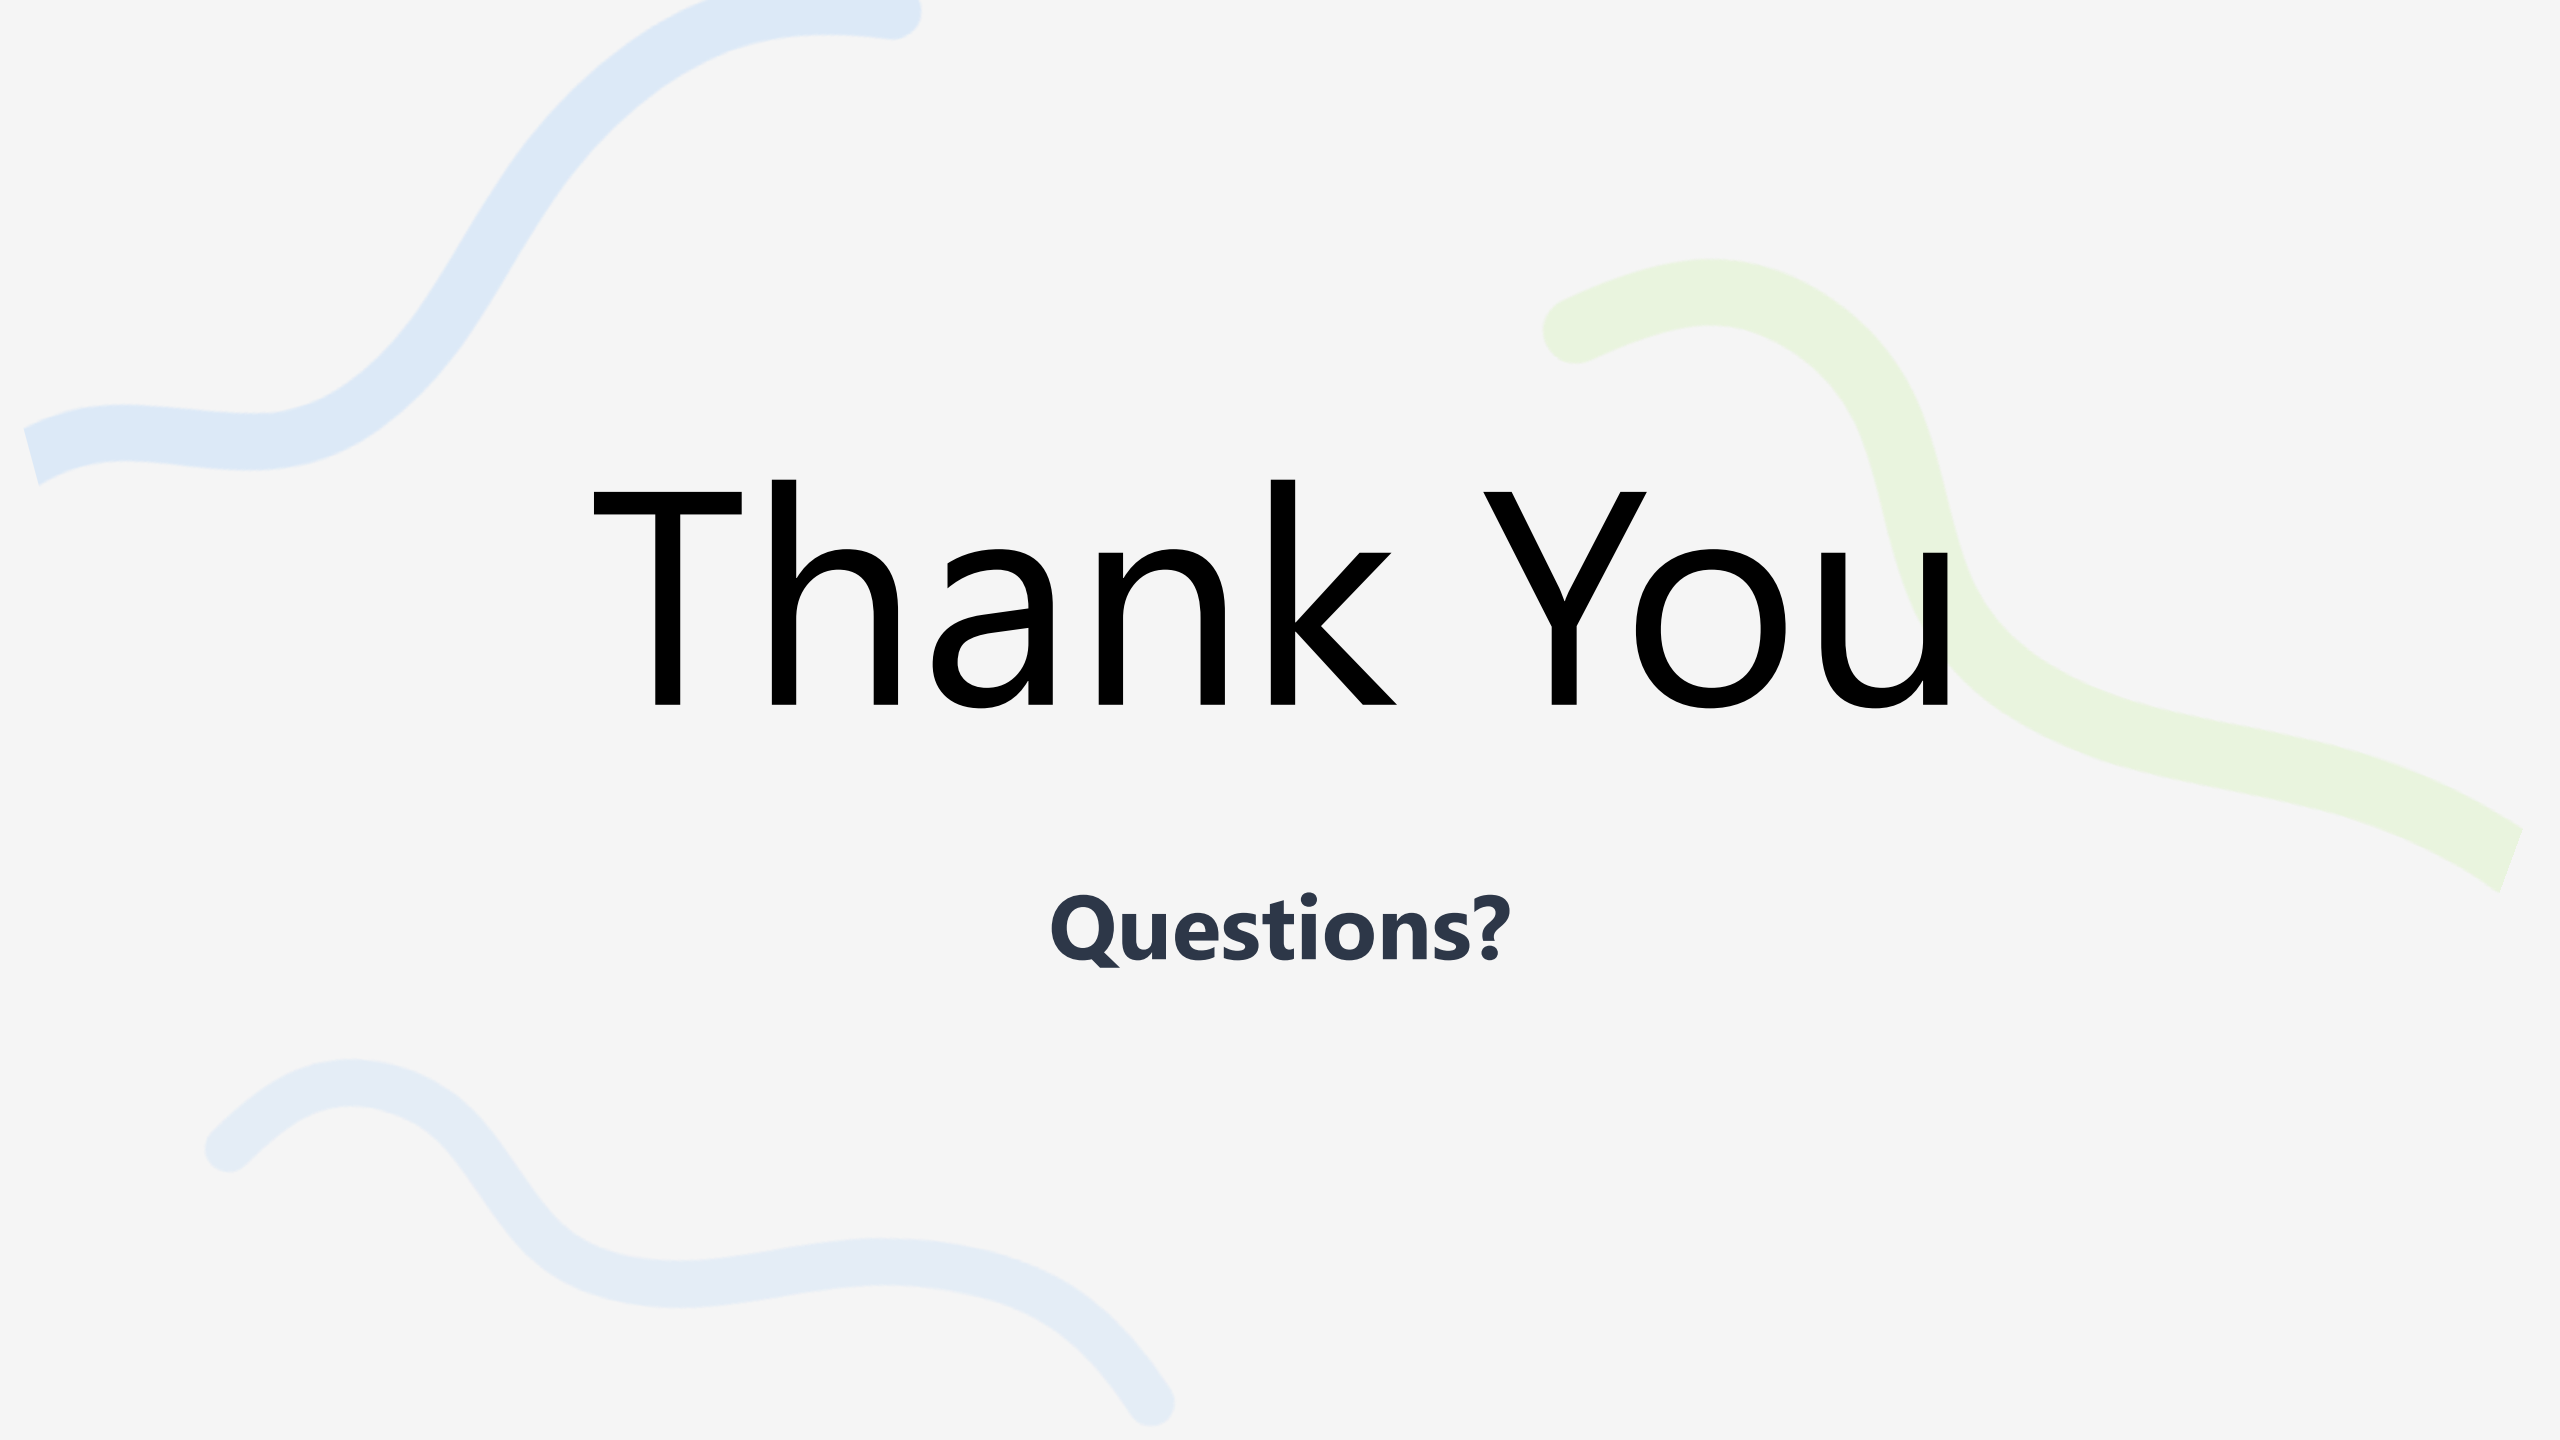

- Sales grew from 2019 to 2022
- Technology has the highest sales
- West has the highest profit
- Consumer segment has the highest profit
- Sales are focused on a small number of top products

Conclusion

Keep investing in what works (Technology, West, Consumer) and improve weaker areas (Central, lower-profit segments/products).

Next steps

- Look deeper into why Central profit is low
- Test new offers for Corporate and Home Office
- Review products using Sales, Profit, and Quantity

The background features three decorative wavy lines. A light blue line starts at the top left, curves upwards and to the right, and then curves downwards. A light green line starts at the top right, curves downwards and to the left, and then curves downwards. A second light blue line starts at the bottom left, curves upwards and to the right, and then curves downwards.
